OBJECTIVE

Aspiring Software Developer with hands-on experience in Flutter, Web Development, and Full-Stack technologies. Skilled in building scalable applications, database integration, and UI/UX design. Seeking to contribute technical expertise while continuously learning and supporting organizational growth.

INTERNSHIP

Flutter Developer Intern | RDL Technologies Pvt. Ltd.

May 2025 - Aug 2025

- Gained hands-on experience in Flutter cross-platform development.
- Built and deployed a Visitor Management System (VMS) with four user roles (Admin, Host, Receptionist, Client).
- Implemented features like secure visitor registration, digital pass generation, check-in/out tracking, and real-time reporting.
- Strengthened skills in UI/UX design, Firebase authentication, and real-time database integration.

Flutter Intern | Accolade Tech Solutions

Oct 2024 - Nov 2024

- Worked on mini projects using Flutter, Dart, and Firebase.
- Focused on UI design, backend connectivity, and real-time database integration.
- Improved skills in mobile app prototyping, responsive UI layouts, and API integration.

Web Development Intern | Hash Infotech

Feb 2023 - May 2023

- Developed a full-stack web project "Farmer's Dairy".
 - Implemented frontend (HTML, CSS, JavaScript, Bootstrap) and backend (PHP, MySQL) with complete database integration.
 - Designed features to improve communication between rural farmers and dairy management.
 - Gained practical experience in CRUD operations, form handling, and responsive design.
-

MINI PROJECTS

Visitor Management System (VMS) | Flutter, Firebase

- Developed a multi-role system (Admin, Department, Host, Receptionist, Client) for visitor handling.
- Implemented secure registration, digital pass generation, check-in/out tracking, and real-time reporting.
- Improved organizational efficiency and visitor security.

SHG Connect | Flutter, Node.js, Express, MongoDB

- Built an app for Self-Help Groups (SHGs) with features like loan management, GPS-based attendance, and e-commerce.
- Designed modules for skill training, analytics, and financial empowerment.
- Enabled collaboration and transparency for SHG members

Question paper generation system | React, PHP, MySQL

- Automated question paper creation with COs, POs & Bloom's Taxonomy support.
- Reduced manual workload with a structured generation system.

Elite Home Care | Kotlin, Firebase

- Developed an Android app for home services booking (cleaning, electrical, plumbing).
- Integrated authentication & real-time booking status.

Airline Review Analysis | Python

- Performed sentiment analysis on customer reviews using data visualization.
- Identified key service factors influencing customer satisfaction.

Farmer's Dairy | HTML, CSS, Javascript, PHP, MySQL

- Built a full-stack web application to connect rural farmers with dairy management.
- Implemented CRUD operations, responsive UI, and database integration for efficient communication.

EDUCATION

Master of Computer Application

2023-25

St Joseph Engineering College, Vamanjoor, Mangalore

Bachelor of Computer Application

2020-23

St Agnes College (Autonomous),Mangalore

SKILLS

- Programming language: C, Java, Python
- Web Development: HTML, CSS, Javascript, PHP, React, Node JS
- App Development: Flutter & Dart
- Database: SQL, MySQL, Firebase, MongoDB
- Software Tools: MS Office, Visual Studio, Notepad++, Android Studio, Xampp

CERTIFICATIONS

- Flutter & Firebase Chat App: Master Flutter and Firebase
- Introduction to Web Development with HTML,CSS, JavaScript | Coursera.
- Introduction to Machine Learning with Python

ACHIEVEMENTS & WORKSHOPS

- Participated in AWS Unleashed Workshop conducted by Mr.Dhanaba I T.
- Participated in one week workshop on placement and training conducted by iSkew.
